Dedicated Full-Stack Web Developer with hands-on experience in front-end and back-end technologies. Proficient at creating dynamic, responsive web applications and ensuring optimal functionality. Skilled in collaborating with cross-functional teams to deliver high-quality projects within specified timelines.

Professional Experience

Front-End Developer *amaTech Software Company, Keffi, Nasarawa State | February 2023 - November 2024*

- Developed user-friendly interfaces using HTML, CSS, and JavaScript.
- Collaborated with design teams to implement visual elements into web applications.
- Ensured cross-browser compatibility and responsiveness of websites.
- Conducted regular testing and troubleshooting to maintain optimal performance.

Full-Stack Web Developer *Gateway Computers, Kubwa, Federal Capital Territory | January 2025 - Present*

- Managed databases and data storage solutions to store and retrieve information efficiently, utilizing technologies such as MySQL and MongoDB.
- Conducted code reviews, testing, and debugging to ensure high-quality, scalable code across front-end and back-end components.
- Collaborated with cross-functional teams including designers and product managers to deliver successful projects on time and within budget.
- Developed responsive, user-friendly websites and web applications using HTML, CSS, JavaScript, and frameworks like React.js and Angular.

Education

BSc in Computer Science *Nasarawa State University, Keffi, Nasarawa State | March 2019 - October 2024*

Key Skills

- Proficient in HTML, CSS, and JavaScript for front-end development.
- Experience with server-side language such as PHP.
- Familiarity with database management systems such as MySQL or MongoDB.
- Knowledge of version control systems like Git for collaborative development.
- Strong problem-solving and debugging skills for troubleshooting issues efficiently.

Accomplishments

- Successfully launched and maintained responsive web applications for multiple clients.
- Improved website loading speed by optimizing code and implementing caching techniques.
- Resolved complex technical issues to ensure uninterrupted service for end-users.
- Collaborated with teams to deliver projects that exceeded client expectations and received positive feedback.

Interests

- Keeping up-to-date with the latest web development trends and technologies.
- Participating in coding challenges or hackathons to enhance coding skills.
- Contributing to open-source projects to expand knowledge and network.

- Attending industry conferences and workshops to network and learn from peers.
